

**UNINTERRUPTIBLE
POWER SUPPLY
10 kVA - 120 kVA**

Pf: 0,9

**On-line
3 Phase Input
3 Phase Output**

- TriLevel Technology
- High Efficiency with Rectifier&Inverter (94 %)
- High Effectiveness Operation with Eco Mode(98 %)
- Active Input Power Factor Correction: (PF: 0,99)
- Low Input Current Total Harmonic Distortion (THDI < 4 %)
- Low Output Voltage Total Harmonic Distortion (THD (< 2 %)
- Increase the battery lifespan with Smart Charger
- Parallel Redundancy
- Static and Maintenance bypass switch
- External Input REPO switch
- Synchronized with External Sources
- Compact Size
- Output by pass short circuit and overload protection
- Remote Control Software and Programmable Dry Contacts

**tunaylar Enerji Sistemleri
UPS & Voltaj Regülatörleri**
